**MINUTES OF THE
SAN SIMEON
COMMUNITY DEVELOPMENT DISTRICT**

The regular meeting of the Board of Supervisors of the San Simeon Community Development District was held on June 21, 2019 at 11:00 a.m. at Lennar Homes, 730 NW 107th Avenue, Suite 300, Miami, Florida.

Present and constituting a quorum were:

Carolina Herrera	Chairperson
Alexi Haas	Assistant Secretary
Yadira Monzon	Assistant Secretary

Also present were:

Luis Hernandez	District Manager
Michael Pawelczyk	District Counsel
Juan Alvarez	District Engineer
Steve Sanford	Bond Counsel (by phone)
Niyala Harrison	Bond Counsel
Pedro Hernandez	Underwriter's Counsel

FIRST ORDER OF BUSINESS

Roll Call

Mr. Luis Hernandez called the meeting to order and called roll.

FOURTH ORDER OF BUSINESS

Consideration of Ancillary Documents Related to Series 2019 Bonds

H. Consideration of Resolution #2019-26 Amending Resolution

Mr. Luis Hernandez: I am going to jump down to Resolution #2019-26 so Steve can go over that for us. Steve, can you please discuss the purpose of the resolution?

Mr. Sanford: I will, thank you, Luis. The irony of this resolution is that when the Board adopted the delegation resolution in May, we set forth certain parameters, and one of the parameters is that the principal amount of bonds, the District was not going to exceed \$12 million. Well, since the pricing was so good, we were able to generate more than the \$12 million at the time of the sale of the bonds, and we didn't notice until after the fact that we didn't have authorization to issue more than \$12 million. So, we issued \$12,180,000 and this resolution is effectively amending that parameter that was

set forth in the delegation resolution so now everything ties together. The bond purchase contract was already signed for \$12,180,000 and the Board needs to adopt this resolution to retroactively increase the par amount of the bonds from \$12 million to \$12,180,000. That is it, very simple.

On MOTION by Ms. Haas seconded by Ms. Herrera with all in favor Resolution #2019-26 Amending Resolution was approved.

Mr. Luis Hernandez: Thank you very much, Steve. If you need to leave, we have Niyala here to assist us, too.

Mr. Sanford: Then you are in good hands.

Mr. Luis Hernandez: Thank you, Steve.

SECOND ORDER OF BUSINESS **Approval of the Minutes of the
May 17, 2019 Meeting**

Mr. Luis Hernandez: Coming back to the order on the agenda, next we have the minutes from the May 17, 2019 meeting. Unless anyone has any changes, corrections, additions or deletions, a motion to approve them would be in order.

On MOTION by Ms. Baluja seconded by Ms. Haas with all in favor, the Minutes of the May 17, 2019 Meeting were approved.

THIRD ORDER OF BUSINESS **Public Hearing to Adopt the
Fiscal Year 2020 Budget**

A. Motion to Open the Public Hearing

Mr. Luis Hernandez: Moving forward to the public hearing to adopt the District's budget for the next fiscal year. The first action that I will need from the Board is a motion to open the public hearing.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor the public hearing was opened.

B. Public Comment and Discussion

Mr. Luis Hernandez: Does anyone here from the public have any comments? If anyone has anything to say, now would be the time. Not hearing any comments, before we go on to the resolutions, I will encourage the Board to take a look at the proposed

budget, which hasn't changed from the version that was presented sixty days ago. What this budget contemplates is that the developer is going to be contributing, but as of this time San Simeon will be assessing on the tax bill. That is why it says developer contribution/assessments. It is important to note the amount being disclosed corresponds with the restrictive covenants the developer has with Miami-Dade County, and at the same time, the budget does not include anything related to the bonds because they have not been issued yet. As they are issued, they will be added and included as part of the annual adopted budget for the District. With all those explanations, if there are no comments or discussion on the budget, we can move on to the resolutions.

C. Consideration of Resolution #2019-24 Annual Appropriation Resolution

Mr. Luis Hernandez: Resolution #2019-24 Annual Appropriation Resolution, takes the District's proposed budget and makes it the adopted budget. With that being said, unless anyone has any questions, a motion to approve Resolution #2019-24 would be in order.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor Resolution #2019-24 the Annual Appropriation Resolution was approved.

D. Consideration of Resolution #2019-25 Levy of Non Ad Valorem Assessments

Mr. Luis Hernandez: The next item is Resolution #2019-25 Levy of Non Ad Valorem Assessments. This resolution allows the District to levy assessments on the Miami-Dade County tax roll. With that being said, the recommendation from staff would be to approve Resolution #2019-25.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor Resolution #2019-25 Levy of Non Ad Valorem Assessments was approved.

E. Motion to Close the Public Hearing

Mr. Luis Hernandez: Unless anyone has any questions with regards to the now adopted budget, a motion to close the public hearing would be in order.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor the public hearing was closed.

FOURTH ORDER OF BUSINESS

Consideration of Ancillary Documents Related to Series 2019 Bonds (continued)

A. Acceptance of Supplemental Assessment Methodology for Series 2019 Bonds dated June 7, 2019

Mr. Luis Hernandez: Moving on, the only item under Section IV that I need to discuss is the supplemental assessment methodology. It basically takes into consideration the effect of the existing bonds Series 2019 based on the existing rates, and what will be the effects of the bonds issuance taking place and the level of assessments. It is important to let the Board know that the annual assessments levied corresponds to the amounts agreed upon by the developer with Miami-Dade County as per the restrictive covenants. Therefore, it is within the amount that has been disclosed to the buyers. With that explanation, it would be necessary for a motion to accept the supplemental assessment methodology for Series 2019 bonds dated June 7, 2019.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor the Supplemental Assessment Methodology for Series 2019 Bonds dated June 7, 2019 was accepted.

- B. Approval of Acquisition Agreement**
- C. Collateral Assignment and Assumption of Development Rights Relating to Via Ventura**
- D. Completion Agreement**
- E. Declaration of Consent to Jurisdiction of San Simeon CDD**
- F. Lien of Record of the San Simeon CDD**
- G. True-up Agreement**

Mr. Luis Hernandez: Moving on, Michael, do you want to help walk us through the next items?

Mr. Pawelczyk: Absolutely. I will go through all of the documents and we can do one motion unless the Board wants to handle them separately. The first one is the acquisition agreement for the Series 2019 project. It provides that once the bonds are issued and the projects, as they are completed, the District will use bond proceeds to pay for those projects. Each of these agreements are between the District and San Simeon, Lennar, LLC. There is also a completion obligation contained within the acquisition agreement and really the District's obligation is limited to the proceeds that are available from the bond proceeds. So, unless there are any questions, I will move

on to the next one. The collateral assignment and assumption of development rights relating to Via Ventura, each of you are familiar with these types of documents. This one applies to Via Ventura, which is the developer name of the project for San Simeon, and if there is a default, this provides for an assignment and assumption of development rights under that agreement. The third one is a completion agreement for the Series 2019 bonds. It basically says the developer has to complete the Series 2019 project, regardless of whether there are bond proceeds available or not. The next one is the declaration of consent to jurisdiction. This is only signed by the developer so it is not really part of your motion, other than that we keep it together since it is part of the documents that our office prepares as ancillary documents. It is really the developer consent into the jurisdiction of the District as the property owner, acknowledging that assessments are going to be levied and there will be a lien of record. The next one is the lien of record itself, which the District records in the public records to identify that there is a lien associated with the District's issuance of the \$12,180,000 bonds. And finally, the true-up agreement for the Series 2019 bonds is there to make sure that San Simeon, Lennar is responsible for making sure the debt service we expect to collect is going to be collected and that the developer, for instance, if the developer builds two less units, they are responsible for the debt associated with those two units. So, with that being the case, unless there are any questions, a motion to approve the acquisition agreement, collateral assignment and assumption of development rights relating to Via Ventura, the completion agreement, the lien of record of the San Simeon CDD, and the true-up agreement for the Series 2019 bond issuance would be in order.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor the acquisition agreement, collateral assignment and assumption of development rights relating to Via Ventura, the completion agreement, the lien of record of the San Simeon CDD, and the true-up agreement for the Series 3019 bond issuance were approved.

H. Consideration of Resolution #2019-26 Amending Resolution

This item was discussed and approved earlier in the meeting.

FIFTH ORDER OF BUSINESS

Staff Reports

A. Attorney

There not being any report, the next item followed.

B. Engineer

There not being any report, the next item followed.

C. Manager

1) Number of Registered Voters in the District – 0

Mr. Luis Hernandez: As for the manager, I just need to indicate that there are no registered voters in the District. The reason and importance, and this is one of the requirements per the Statutes each year that the District identifies this number is because once the District meets the requirements of having six years of establishment and 250 registered voters, the elections of the Supervisors shifts to general elections run by the Miami-Dade County Supervisor of Elections office. As of yet, the District has not met either requirement.

Ms. Herrera: Is it always 250? What happens if a District is very small and doesn't reach that number?

Mr. Luis Hernandez: Just to give you an example, Beacon Tradeport CDD is an industrial CDD so they will never meet that number, which just means they are always going to have landowner's elections.

Ms. Herrera: So, if a District only has 100 homes, it may never turn over?

Mr. Luis Hernandez: You may never have 250 qualified registered voters, or they convert over to the general election process, meaning you will only have landowners elections. This means that each property owner would be entitled to one vote per unit they own. For example, North Dade CDD, all we have is 125, 130 homeowners, so every two years we have landowner's elections. It is usually the same two residents and management has found a couple other people to sit on the Board.

Ms. Herrera: Okay, so it would turnover if we wanted to resign, it is just still done by landowner's elections.

Mr. Luis Hernandez: Correct.

2) Consideration of Proposed Fiscal Year 2020 Meeting Schedule

Mr. Luis Hernandez: The other item we have is the proposed fiscal year 2020 meeting schedule to coincide with the other meetings on the third Friday of each month, and as we normally do, we only meet when meetings are needed. So, unless you want

to make any changes, a motion to approve the proposed fiscal year 2020 meeting schedule would be in order at this time.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor the proposed fiscal year 2020 meeting schedule was approved as-presented.

SIXTH ORDER OF BUSINESS Financial Reports

A. Approval of Funding Request #5

Mr. Luis Hernandez: Item #6, you have the Financial Reports. Tab A contains Funding Request #5. It would be appropriate at this time to have a motion approving it.

On MOTION by Ms. Haas seconded by Ms. Monzon with all in favor Funding Request #5 was approved.

B. Approval of Balance Sheet

Mr. Luis Hernandez: The next item you have is tab B, which is the balance sheet, and a motion to accept the balance sheet would be in order.

On MOTION by Ms. Monzon seconded by Ms. Herrera with all in favor the Balance Sheet was approved.

**SEVENTH ORDER OF BUSINESS Supervisors Requests and
 Audience Comments**

There not being any, the next item followed.

EIGHTH ORDER OF BUSINESS Adjournment

Mr. Luis Hernandez: With that being said, a motion to adjourn would be in order.

On MOTION by Ms. Herrera seconded by Ms. Monzon with all in favor the meeting was adjourned.

Gaines and Associates (originated in 1979) merged with the firm in 2004. Our tremendous growth rate experienced over the last 69 years is directly attributable to the firm's unrelenting dedication to providing the highest quality, responsive professional services attainable to its clients.

We are a member of the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA) to assure we meet the highest standards. For standard AICPA membership, only a quality review is required and only CPAs must meet CPE requirements.

	<u>Total</u>

Principals (CPA)	1
Managers (CPA)	1
Senior/Supervisor Accountants (2 CPA's)	3
Staff Accountants (1 CPA)	7
Computer Specialist	1
Paraprofessional	6
Administrative	4
Total – all personnel	<u>28</u>

Following is a brief description of each employee classification:

Staff Accountant – Staff accountants work directly under the constant supervision of the auditor-in-charge and, are responsible for the various testing of documents, account analysis and any other duties as his/her supervisor believes appropriate. Minimum qualification for a staff accountant is graduation from an accredited university or college with a degree in accounting or equivalent.

Senior Accountant – A senior accountant must possess all the qualifications of the staff accountant, in addition to being able to draft the necessary reports and financial statements, and supervise other staff accountants when necessary.

Managers – A manager must possess the qualifications of the senior accountant, plus be able to work without extensive supervision from the auditor-in-charge. The manager should be able to draft audit reports from start to finish and to supervise the audit team, if necessary.

Partner/Director – The director has extensive governmental auditing experience and acts as the auditor-in-charge. Directors have a financial interest in the firm.

Professional Staff Resources (Continued)

Independence – Independence of the public accounting firm, with respect to the audit client, is the foundation from which the public gains its trust in the opinion issued by the public accounting firm at the end of the audit process. This independence must be in appearance as well as in fact. The public must perceive that the accounting firm is independent of the audit entity to insure that nothing would compromise the opinion issued by the public accounting firm. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is independent of San Simeon Community Development District, including its elected officials and related parties, at the date of this proposal, as defined by the following rules, regulations, and standards:

AuSection 220 – Statements on Auditing Standards issued by the American Institute of Certified Public Accountants;

ET Sections 101 and 102 – Code of Professional Conduct of the American Institute of Certified Public Accountants;

Chapter 21A-1, Florida Administrative Code;

Section 473.315, Florida Statutes; and,

Government Auditing Standards, issued by the Comptroller General of the United States.

On an annual basis, all members of the firm are required to confirm, in writing, that they have no personal or financial relationships or holding that would impair their independence with regard to the firm's clients.

Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, the utmost care must be exercised by independent auditors in the performance of their duties.

Ability to Furnish the Required Services

As previously noted in the Profile of the Proposer section of this document, our firm has been in existence for over 69 years. We have provided audit services to some clients for over 30 years continually. Our firm is insured against physical loss through commercial insurance and we also carry liability insurance. The majority of our audit documentation is stored electronically, both on our office network and on each employee laptop or computer assigned to each specific job. Our office computer network is backed up on tape, so in the event of a total equipment loss, we can restore all data as soon as replacement equipment is acquired. In addition, our field laptop computers carry the same data and can be used in the event of emergency with virtually no delay in completing the required services.

ADDITIONAL SERVICES PROVIDED

Arbitrage Rebate Services

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL also provides arbitrage rebate compliance and related services to governmental issuers. The Tax Reform Act of 1986 requires issuers of most tax-exempt obligations to pay (i.e., "rebate") to the United States government any arbitrage profits. Arbitrage profits are earnings on the investment of bond proceeds and certain other monies in excess of what would have been earned had such monies been invested at a yield equal to the yield on the bonds.

Federal tax law requires that interim rebate calculations and payments are due at the end of every fifth bond year. Final payment is required upon redemption of the bonds. More frequent calculations may be deemed advisable by an issuer's auditor, trustee or bond counsel or to assure that accurate and current records are available. These more frequent requirements are usually contained in the Arbitrage or Rebate Certificate with respect to the bonds.

Our firm performs a comprehensive rebate analysis and includes the following:

- Verifying that the issue is subject to rebate;
- Calculating the bond yield;
- Identifying, and separately accounting for, all "Gross Proceeds" (as that term is defined in the Code) of the bond issue, including those requiring analysis due to "transferred proceeds" and/or "commingled funds" circumstances;
- Determining what general and/or elective options are available to Gross proceeds of the issue;
- Calculating the issue's excess investment earning (rebate liability), if any;
- Delivering appropriate documentation to support all calculations;
- Providing an executive summary identifying the methodology employed, major assumptions, conclusions, and any other recommendations for changes in recordkeeping and investment policies;
- Assisting as necessary in the event of an Internal Revenue Service inquiry; and,
- Consulting with issue staff, as necessary, regarding arbitrage related matters.

GOVERNMENTAL AUDITING EXPERIENCE

Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL has been practicing public accounting in Florida for 69 years. Our success over the years has been the result of a strong commitment to providing personalized quality service to our clients.

The current members of our firm have performed audits of over 900 community development districts, and over 1,800 audits of municipalities, counties and other governmental entities such as the City of Fort Pierce and St. Lucie County.

Our firm provides a variety of accounting, auditing, tax litigation support, and consulting services. Some of the professional accounting, auditing and management consulting services that are provided by our firm are listed below:

- Performance of annual financial and compliance audits, including Single Audits of state and federal financial assistance programs, under the provisions of the Single Audit Act, Subpart F of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), with minimal disruptions to your operations;
- Performance of special compliance audits to ascertain compliance with the applicable local, state and federal laws and regulations;
- Issuance of comfort letters and consent letters in conjunction with the issuance of tax-exempt debt obligations, including compiling financial data and interim period financial statement reviews;
- Calculation of estimated and actual federal arbitrage rebates;
- Assistance in compiling historical financial data for first-time and supplemental submissions for GFOA Certificate of Achievement for Excellence in Financial Reporting;
- Preparation of indirect cost allocation systems in accordance with Federal and State regulatory requirements;
- Providing human resource and employee benefit consulting;
- Performance of automation feasibility studies and disaster recovery plans;
- Performance feasibility studies concerning major fixed asset acquisitions and utility plant expansion plans (including electric, water, pollution control, and sanitation utilities); and
- Assistance in litigation, including testimony in civil and criminal court.
- Assist clients who utilize QuickBooks software with their software needs. Our Certified QuickBooks Advisor has undergone extensive training through QuickBooks and has passed several exams to attain this Certification.

Continuing Professional Education

All members of the governmental audit staff of our firm, and audit team members assigned to this engagement, are in compliance with the Continuing Professional Education (CPE) requirements set forth in Government Auditing Standards issued by the Comptroller General of the United States. In addition, our firm is in compliance with the applicable provisions of the Florida Statutes that require CPA's to have met certain CPE requirements prior to proposing on governmental audit engagements.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

The audit team has extensive experience in performing governmental audits and is exposed to intensive and continuing concentration on these types of audits. Due to the total number of governmental audits our team performs, each member of our governmental staff must understand and be able to perform several types of governmental audits. It is our objective to provide each professional employee fifty hours or more of comprehensive continuing professional education each year. This is accomplished through attending seminars throughout Florida and is reinforced through in-house training.

Our firm has made a steadfast commitment to professional education. Our active attendance and participation in continuing professional education is a major part of our objective to obtain the most recent knowledge on issues which are of importance to our clients. We are growing on the reputation for work that our firm is providing today.

Quality Control Program

Quality control requires continuing commitment to professional excellence. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is formally dedicated to that commitment.

To ensure maintaining the standards of working excellence required by our firm, we joined the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA). To be a participating member firm of this practice section, a firm must obtain an independent Peer Review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements.

The scope of the Peer Review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence;
- Assignment of professional personnel to engagements;
- Consultation on technical matters;
- Supervision of engagement personnel;
- Hiring and employment of personnel;
- Professional development;
- Advancement;
- Acceptance and continuation of clients; and,
- Inspection and review system.

We believe that our commitment to the program is rewarding not only to our firm, but primarily to our clients.

The external independent Peer Review of the elements of our quality control policies and procedures performed by an independent certified public accountant, approved by the PCPS of the AICPA, provides you with the assurance that we continue to conform to standards of the profession in the conduct of our accounting and auditing practice.

GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

Our firm is also a member of Governmental Audit Quality Center (GAQC), a voluntary membership center for CPA firms that perform governmental audits. This center promotes the quality of governmental audits.

Our firm has completed successive Peer Reviews. These reviews included a representative sample of our firm's local governmental auditing engagements. As a result of these reviews, our firm obtained an unqualified opinion on our quality control program and work procedures. On page 31 is a copy of our most recent Peer Review report. It should be noted that we received a pass rating.

Our firm has never had any disciplinary actions by state regulatory bodies or professional organizations.

As our firm performs approximately one hundred audits each year that are reviewed by federal, state or local entities, we are constantly dealing with questions from these entities about our audits. We are pleased to say that any questions that have been raised were minor issues and were easily resolved without re-issuing any reports.

Certificate of Achievement for Excellence in Financial Reporting (CAFR)

We are proud and honored to have been involved with the City of Fort Pierce and the Fort Pierce Utilities Authority when they received their first Certificates of Achievement for Excellence in Financial Reporting for the fiscal years ended September 30, 1988 and 1994, respectively. We were also instrumental in the City of Stuart receiving the award, in our first year of performing their audit, for the year ended September 30, 1999.

We also assisted St. Lucie County, Florida for the year ended September 30, 2003, in preparing their first Comprehensive Annual Financial Report, and St. Lucie County has received their Certificate of Achievement for Excellence in Financial Reporting every year since.

As continued commitment to insuring that we are providing the highest level of experience, we have had at least one employee of our firm serve on the GFOA – Special Review Committee since the mid-1980s. This committee is made up of selective Certified Public Accountants throughout the United States who have demonstrated their high level of knowledge and expertise in governmental accounting. Each committee member attends a special review meeting at the Annual GFOA Conference. At this meeting, the committee reports on the Certificate of Achievement Program's most recent results, future goals, and common reporting deficiencies.

We feel that our previous experience in assisting the City of Fort Pierce, the Fort Pierce Utilities Authority and St. Lucie County obtain their first CAFRs, and the City of Stuart in continuing to receive a CAFR and our firm's continued involvement with the GFOA, and the CAFR review committee make us a valued asset for any client in the field of governmental financial reporting.

FEE SCHEDULE

We propose the fee for our audit services described below to be \$3,500 for the years ended September 30, 2019, 2020, and 2021, and \$3,650 for the years ended September 30, 2022 and 2023. The fee is contingent upon the financial records and accounting systems of San Simeon Community Development District being "audit ready" and the financial activity for the District is not materially increased. If we discover that additional preparation work or subsidiary schedules are needed, we will consult with your authorized representative. We can assist with this additional work at our standard rates should you desire.

SCOPE OF WORK TO BE PERFORMED

If selected as the District's auditors, we will perform a financial and compliance audit in accordance with Section 11.45, Florida Statutes, in order to express an opinion on an annual basis on the financial statements of San Simeon Community Development District as of September 30, 2019, 2020, 2021, 2022, and 2023. The audits will be performed to the extent necessary to express an opinion on the fairness in all material respects with which the financial statements present the financial position, results of operations and changes in financial position in conformity with generally accepted accounting principles and to determine whether, for selected transactions, operations are properly conducted in accordance with legal and regulatory requirements. Reportable conditions that are also material weaknesses shall be identified as such in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Other (non-reportable) conditions discovered during the course of the audit will be reported in a separate letter to management, which will be referred to in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters.

Our audit will be performed in accordance with standards for financial and compliance audits contained in *Government Auditing Standards*, as well as in compliance with rules and regulations of audits of special districts as set forth by the State Auditor General in Chapter 10.550, Local Governmental Entity Audits, and other relevant federal, state and county orders, statutes, ordinances, charter, resolutions, bond covenants, Administrative Code and procedures, or rules and regulations which may pertain to the work required in the engagement.

The primary purpose of our audit will be to express an opinion on the financial statements discussed above. It should be noted that such audits are subject to the inherent risk that errors or irregularities may not be detected. However, if conditions are discovered which lead to the belief that material errors, defalcations or other irregularities may exist or if other circumstances are encountered that require extended services, we will promptly notify the appropriate individual.

APPENDIX A – RFP DOCUMENTS 26

UNDERSTANDING & MEETING YOUR NEEDS

From the RFP, we understood your team to express the following needs, requests, and/or issues. We've detailed our proposed solutions below and are happy to discuss other related projects as they arise and upon request.

NEEDS & ISSUES		SOLUTIONS & SERVICES
Technical	The District is required to have independent audits performed on its financial statements.	Perform external audit services in accordance with auditing standards generally accepted in the United States of America (GAAS), in order to express an opinion on the District's financial statements.
Relational	The District's Board of Supervisors and management expect open and continuous communication with their CPA firm in order to avoid surprise findings at the end of the audit.	<ul style="list-style-type: none">• Communicate contemporaneously and directly with management regarding the results of our procedures.• Anticipate and respond to concerns of management and/or the Audit Committee (if/when formed).

YOUR SERVICES & FEES

We value creating mutually-rewarding, long-term relationships with our clients. Our goal is to provide high quality, responsive service that yields returns far greater than your investment in our professional fees. Please find below our proposal of fees to provide the requested services for the upcoming three respective fiscal years.

SERVICE	CRI FEES		
	2019	2020	2021
Perform external audit services in accordance with auditing standards generally accepted in the United States of America (GAAS)	\$4,000	\$4,000	\$4,000

The above fee quote is based in part on the fact that the District has not yet issued bonds or other debt instruments to finance capital asset acquisition and construction. In the event the District issues such debt instruments or upon construction of major infrastructure additions, the audit fee will increase by an amount not to exceed \$3,000 per year.

UNIQUE SAVINGS OPPORTUNITY WITH CRI

CRI offers the unique opportunity to utilize the CRI vSTAR™ process, our virtual audit process that combines minimal hardware, collaborative software, and cameras to allow us to perform all or part of our audit engagement virtually and in real time. CRI vSTAR™ clients will enjoy reduced or eliminated travel costs – which translates into savings.

If the District requests additional services outside of this proposal, professional fee hourly rates are as follows, but may be negotiated depending on the project request:

CLASSIFICATION	HOURLY RATE
Partner	\$225
Manager	\$140
Senior	\$100
Staff	\$80
IT Specialist	\$200
Fraud Specialist	\$200

Our professional fees are based on the key assumptions that San Simeon Community Development District will:

- Make available documents and work papers for review at San Simeon Community Development District’s headquarters location, although we may choose to review at alternate locations.
- Prepare certain schedules and analyses and provide supporting documents as requested.
- Assist us in obtaining an understanding of the accounting systems of the District.
- Not experience a significant change in business operations or financial reporting standards.

DELIVERING QUALITY TO YOU

AUDIT METHODOLOGY

Our audit, tax, consulting, and client accounting services documentation is maintained electronically. Compliance with our methodology is regularly reviewed and evaluated as part of our internal quality program, which is further discussed in this section under INTERNAL QUALITY CONTROL REVIEWS AND EXTERNAL REVIEWS. Comprehensive policies and procedures governing all of our practices and addressing professional and regulatory standards and implementation issues are constantly updated for new professional developments and emerging issues. See PAGES 22 – 25 for a more detailed description of the relevant approach and methodology.

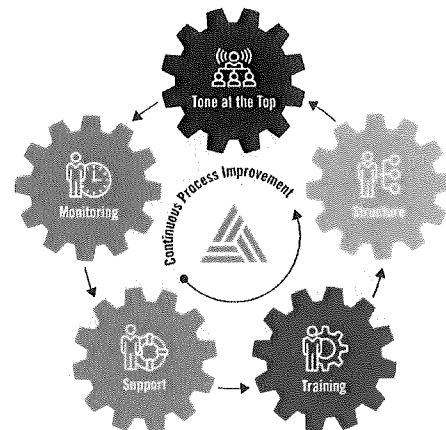

ENGAGEMENT QUALITY REVIEW PARTNER (CONCURRING PARTNER)

Each audit has an assigned engagement quality review (EQR) partner with the appropriate experience. This role is one of the most important elements of our quality assurance process, as it provides for a timely, independent review of all key accounting and auditing issues. The EQR partner also reviews the financial statements and related supporting documentation—including the disclosures—to evaluate their fair presentation under accounting principles generally accepted in the United States of America (GAAP).

INTERNAL QUALITY CONTROL REVIEWS AND EXTERNAL REVIEWS

Experienced partners and professional staff of our firm conduct quality control reviews of our audits. Our partners' work is reviewed annually, and the inspection process includes periodic testing of the effectiveness of our quality controls and a continuous improvement program.

- **Internal Inspection:** A permanent team of subject matter experts annually perform 150+ reviews of a risk-based sample of partners and engagements.
- **Continuous Process Improvement Reviews:** In addition to #1 above, this ongoing process reviews each audit partner twice annually, representing 300+ reviews each year.

CRI is enrolled in the AICPA Peer Review Program, through which our external reviews are conducted by another independent public accounting firm. We have our accounting and auditing practice triennially reviewed as a member in this program.

Additionally, we are registered with the PCAOB, who performs an external review inspection once every three years.

THE CRI vSTAR™ PROCESS

FREQUENTLY ASKED QUESTIONS

Yes. Three points of focus are:

1. All sessions are encrypted using TLS.
2. All recordings are maintained on encrypted CRI recordings.
3. It eliminates your need to potentially supply user credentials to your auditor.

What are the set-up requirements?

Internet connection and installation of the GoToMeeting App (license provided by CRI) plus:

- For group meetings, TV or projector with HDMI input plus approximately 20 minutes for CRI vSTAR™ kit set-up.

- For one-to-one meetings, a device with sound – and preferably a camera.

How does session scheduling work for the CRI vSTAR™ process?

The process utilizes widely accepted calendaring tools – such as Microsoft Outlook – to schedule audit procedures.

"As a CPA and former auditor myself, I know that changing auditors can often be difficult and time consuming due to learning curves and new processes. Fortunately, I quickly found that CRI's partners and staff make the transition simple and relatively painless. The significant involvement of the firm's partners is one of the main reasons for this result. CRI's partners are responsive to our needs and professionally handle the entire engagement from beginning to end."

*Ed Oliphant, Chief Financial Officer
Regional Transportation Authority*

The transition plan is comprised of the following key activities and can occur within approximately two weeks, depending on the availability of the parties involved:

CRI AUDIT FRAMEWORK

Our proposed services require a coordinated effort between us and San Simeon Community Development District's team. Planning and continual communication are essential to developing the appropriate procedures, working collaboratively to resolve any identified issues, and meeting your timelines.

CRI's audit approach occurs within a framework of our client's business and industry; therefore, we assess risk by:

- Understanding management's perspectives and goals, and
- Considering business conditions and threats that could prevent management from achieving its business objectives.

We assess risks in the following areas:

CRI AUDIT FRAMEWORK

Our ultimate intent is to drill down from these broad risks to specific financial reporting risks. We understand both these risks and management's processes and procedures for mitigating them (i.e. internal controls) in order to develop our procedures to carry out our audit responsibilities.

Although our audits are conducted through a structured, risk-based model, we focus on understanding the client's needs, requirements, and expectations. We work collaboratively with management and the Audit Committee (or similar function) to develop a communication and work plan to continuously improve client service, by doing so we help in moving your team from simple **compliance** to providing you with a **competitive advantage**.

In planning, we concentrate on "key risks," (items with a greater risk of a material misstatement, a material weakness in internal controls, or other matters resulting in the issuance of an inappropriate audit report). We focus on "material" items (i.e. those items that would be important to the user of your financial statements). When evaluating materiality of identified misstatements, certain quantitative and qualitative factors must be considered—which may include:

- Impact on operating trends (revenue/income, expenses, net income, etc).
- Nature of the misstatement (i.e., did the misstatement result from an unlawful transaction?).
- Impact on liquidity, capital/surplus, earnings capacity, etc.
- Impact to loan covenants and contractual and regulatory requirements.

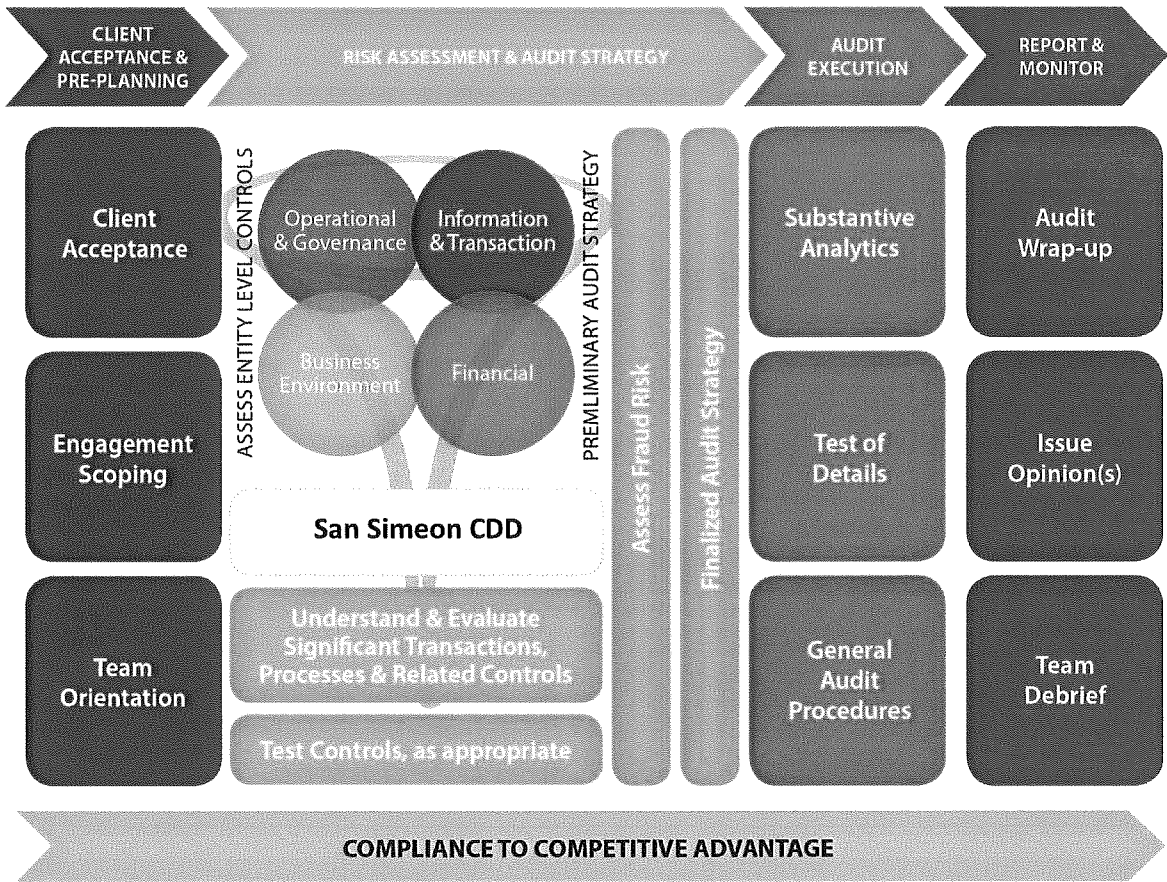

Consistent communication is a key to completion of the audit. By ensuring constant involvement, we are in a better position to respond to your issues timely and efficiently. Therefore, we plan to meet with your management to:

- Set-up the audit by reviewing the mapping of San Simeon Community Development District's financial information (financial statements and notes) to significant processes and IT systems to ensure that all significant account balances, transactions, procedures, and systems are tested as deemed necessary.
- Discuss ongoing changes—specifically new accounting pronouncements and key business transactions in their early stages, enabling us to agree on the resolution of various complex business issues on a timely basis.

CRI AUDIT APPROACH

Our audit approach is a four stage approach, as depicted in the summary below. Our client acceptance and risk assessment procedures (as noted on the previous page) occur during detailed conversations and observations with your team. The results of those procedures allow us to tailor an audit program to your specific risks and needs. We then execute the audit, report the results, and evaluate continuous improvement opportunities for ongoing service and benefit to you.

CRI AUDIT APPROACH

 - re-performance.
- Determine reliance on Internal Audit, if applicable (e.g. controls or detailed tests).
- Determine reliance on specialist(s), if applicable (e.g. valuations, pension costs, etc.).

Specific Audit Approach

SCOPE / WORK PRODUCTS / RESULTS

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State of Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements.
- Read minutes of meetings.
- Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems.
- Obtain an understanding of fraud detection and prevention systems.
- Obtain and document an understanding of internal control. Consider the methods that are used to process accounting information which influence the design of the internal control. This understanding includes knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation.
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform. Perform test of controls.
- Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives.
- Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions.
- Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures.
- Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- Perform final analytical procedures.
- Review information and make inquiries for subsequent events.
- Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- Significant audit adjustments;
- Significant deficiencies or material weaknesses;
- Disagreements with management; and,
- Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

- The recommendation must be cost effective;
- The recommendations are to be the simplest to effectuate in order to correct a problem;
- The recommendation must go to the heart of the problem and not just correct symptomatic matter; and
- The corrective action must take into account why the deficiency occurred.

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We typically begin our audit process with an entrance conference before the onsite fieldwork begins. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis. Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal. We strive to continue to keep an open line of communication through the fieldwork and ending with an exit conference.

MEMORANDUM

TO: District Manager

FROM: Billing, Cochran, Lyles, Mauro & Ramsey, P.A. 
District Counsel

DATE: July 12, 2019

RE: 2019 Legislative Update

As District Counsel, throughout the year we continuously monitor pending legislation that may be applicable to the governance and operation of our community development district and other special district clients. It is at this time of year when we summarize those legislative acts that have become law during the most recent legislative session, as follows:

Chapter 2019-164, Laws of Florida (HB 437/SB 728). This act amends section 190.046, F.S. to allow petitioners establishing CDDs of less than 2,500 acres in size to include a list of adjacent parcels that the petitioner expects to be included within the district boundaries, through expansion, within the next 10 years. A process is now in place to facilitate the orderly addition of lands to an existing CDD by expanding the boundaries of a CDD to include those parcels previously identified for annexation at the time of establishment of the CDD. No filing fee may be charged for such an expansion if the parcel has previously been identified in the original petition to establish the CDD. The act further amends Section 190.046(3) to permit CDDs to merge with other special districts created by special act of the Florida legislature, and in such circumstances, authorizes a CDD merging with another type of district to enter into a merger agreement to address issues of transition, including the allocation of indebtedness and the retirement of debt. This act is effective as of June 28, 2019.

Chapter 2019-15, Laws of Florida (SB 7014). This act, effective July 1, 2019, is designed to increase "government accountability" by amending the Auditor Selection Process required by Section 218.391, F.S. to require that the audit selection committee consist of at least three members; at least one of which is also a member of the board of supervisors or local governing board. Employees, the chief executive officer, and the chief financial officer of the local government are prohibited from serving as a member of the audit selection committee but may serve in an advisory capacity.

Chapter 2019-37, Laws of Florida (HB 327/SB 450). Effective July 1, 2019, this act amends Section 286.0113, F.S. to create a new subsection (3), exempting from public meeting requirements those portions of such public meetings that pertain to certain exempt information related to technology systems held by specified utilities owned and operated by a unit of local government, including, but not limited to, information related to the security of the technology, processes, or practices of the utility, and the protection of computers, programs, and data from attack or unauthorized access. All exempt portions of such a meeting must be recorded, transcribed,

and maintained by the local government, but the recording and transcription of the meeting would be exempt from disclosure.

Chapter 2019-97, Laws of Florida (HB 7021/SB 7040). This act amends portions of Chapter 112, F.S., by requiring the mandatory electronic filing of Form 1 and Form 6 financial disclosures after such electronic filing system is implemented by the Florida Commission on Ethics (the "Commission") and requiring the Commission to procure and test an electronic financial disclosure system by January, 2022. Local officers, including members of the board of supervisors, would, after January 1, 2023, no longer submit the Form 1, Statement of Financial Interests to the local supervisor of elections, but would be required to submit via the electronic filing system. This new system will eliminate the use of the paper forms for financial disclosure. Further, as part of this new system, the local government must furnish to the Commission by February 1st of each year a list of current names, email addresses, and physical addresses of its local officers as of December 31st of the preceding year, and the Commission must then prepare a list including such information by May 1st of each year. This legislation became effective on June 7, 2019, but the electronic filing system is not required to be in operation until 2023.

Chapter 2019-106, Laws of Florida (HB 207/SB 144). This act, effective July 1, 2019, amends Section 163.31801, F.S. to prohibit local governments from collecting impact fees prior to the issuance of building permits, revises the minimum requirements for the adoption of impact fees by certain specified local governments by codifying the dual rational nexus test used by courts to require that impact fees be connected to the money spent from the funds collected and be connected to the benefits of the new construction, and exempts water and sewer connection fees the applicability and requirements of Section 163.31801, F.S.

Chapter 2019-155, Laws of Florida (HB 1159/SB 1400). The new legislation creates Section 163.045, Florida Statutes, to prohibit local governments from requiring notices, applications, approvals, permits, fees or mitigation for pruning, trimming or removal of trees from residential property if the property owner has obtained documentation from a certified arborist or Florida licensed landscape architect that the tree presents a danger to persons or property, and prohibits local governments from requiring property owners to replant a tree that was pruned, trimmed, or removed in accordance with this section. The act also amends Section 163.3209, F.S. to delete the language that requires a property owner to secure local government approval before an electric utility provider perform necessary right-of-way tree trimming maintenance. Finally, the legislation, creates Section 70.002, F.S. establishing a Private Property Owner Bill of Rights that shall be posted on the website of each county property appraiser. This act is effective July 1, 2019.

For convenience, we have included copies of the legislation referenced in this memorandum. We request that you include this memorandum as part of the agenda packages for those special districts in which you serve as the District Manager and this firm serves as District Counsel. For purposes of the agenda package, it is not necessary to include the attached legislation, but you may wish to make the same available by request.
